WHAT ARE SUNSCREEN SWIPES WITH ZINC?

Formulated to calm, soothe and protect sensitive skin, these soft, pre-moistened, paraben-free, water-resistant wipes deliver powerful SPF 30, UV protection for the face & body.

SKIN TYPES

SPF 30+ Swipes are ideal for all skin types, especially sensitive skin.

KEY INGREDIENTS:

- ✓ ZINC OXIDE: Anti-irritating powerful UV protection
- ✓ GREEN TEA: Reduces irritation and redness and combats free radical damage, helping to prevent signs of aging.
- ✓ VITAMIN E: Softens skin and protects against environmental damage

BENEFITS

- Gentle and effective UV protection for all skin types, especially sensitive (fragrance-free)
- Natural, non-irritating paraben free preservative system
- Leaves skin protected and soft without a residue or greasy feeling
- Helps to gently remove sand while reinforcing primary layer of UV protection

PRODUCT USAGE

Gently wipe evenly over face and body 30 minutes prior to sun exposure. For continuous protection, reapply as needed during direct sun exposure, swimming, or exercise. Recommended for 6 months of age and up.

ACTIVE INGREDIENTS: Homosalate -10%, Octocrylene -2.8%, Zinc Oxide -2%, Ensulizole -2%
