WHAT ARE FUSION LIP BALMS FORMULATED TO DO?

Fusion Lip Balms provide a unique, high SPF 30 lip balm solution to protect against broad-spectrum UV rays in a super-antioxidant and regenerative formulation.

KEY INGREDIENTS	BENEFITS
PARSOL 1789 and PARSOL SLX	Provides protection from long-wavelength UVA rays and boosts UVB protection
OCTINOXATE	UV absorber of short-wavelength UVB rays
SHEA BUTTER	Provides deep, instant hydration
VITAMINS E AND C	Topical antioxidant-rich extracts to protect from free radicals triggered by sunlight, tobacco smoke, and smog; encourages cell renewal

ADDITIONAL BENEFITS

- **SUPER BERRY ACAI** hydrates lips, fights free radicals, and helps repair oxidation damage
- **COOLING SPEARMINT LEAF OIL** boosts energy and freshens breath while menthol cools and soothes stressed-out lips

PRODUCT USAGE

Apply generously and evenly to bare lips. Reapply frequently after swimming or towel drying.

SUPERGOOP! SUN TIP

Apply SPF lip balm under your favorite lipstick for extra moisture and protection.
